## WHAT'S NEXT:

We hope watching *Lettie* reminded you just how transformative daily school meals can be - bringing hope to the life of a child while shaping the future of an entire family. If you're inspired to take action, there are many ways to get involved with Mary's Meals. Speak to a volunteer or visit our website to find out how you can get started.

### The power of school meals

**Our simple and effective approach to school feeding meets a child's immediate need for food while providing the energy and incentive to attend school. Where our meals are served, school enrolment increases, attendance improves, and far fewer children leave school early because of hunger.**

**Our work over the decades would be worthwhile for Lettie's story alone. However, it is just one of many powerful stories of transformation.**
